

CHOICE WIRELESS, LC
TTY STATUS REPORT
October, 2005

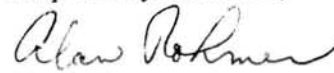

Choice Wireless, LC ("Choice Wireless" or "Company") filed a Petition for Waiver of the TTY requirements on June 21, 2002¹ and has reported regularly on its progress in meeting its TTY requirements in an efficient and expeditious manner.

As noted in prior reports, the Company ordered a new NORTEL switch, anticipating initially that it would be delivered and installed in the second quarter of this year. The Company reports that cutover of the switch was delayed, but is currently scheduled for October 15, 2005.

However, as previously reported, significant site expenditures are also required to ensure TTY compliance, including significant upgrades to the Airtel site equipment.² Although the Company had anticipated that funds would be available to order and install the Airtel TTY interface equipment shortly after the switch was to be activated, unforeseen occurrences have resulted in a restatement of the Company's financial position,³ leaving no current method to finance the necessary additional site equipment. The Company currently operates on a break-even basis, but continues efforts to grow its business. In addition, the Company continues its attempts to raise funds through the sale of additional assets, and has retained a broker to further this effort.

The Company reports that its November, 2005 billing will contain another bill insert to inform subscribers of the system's TTY limitations. The Company will continue to provide such notifications on a semi-annual basis until the Company has become TTY compliant. Choice Wireless continues to train its employees regarding how to explain the delay to potential new customers who use TTY devices.⁴ Choice reports that it has had no request for TTY services.

Respectfully submitted,

Alan Rohmer
Chief Financial Officer

¹ See Choice Wireless, LC, Petition for Waiver of Section 20.18(c) of the Commission's Rules and the Deadlines Established in the Fourth Report and Order, CC Docket No. 94-102, filed June 21, 2002 ("Petition"). The Petition was amended on October 21, 2003 ("Amended Petition"). The Amended Petition remains pending before the Commission.

² See Amended Petition at 5.

³ In May, the Company discovered that personnel had inflated the Company's financial position by falsely reporting the payment of certain obligations, including payroll taxes. The Company has only recently finalized the payment of tax obligations and associated penalties, all but eliminating cash reserves.
